

Take home speculative poetry from DNA Publications!

The Lexicographer's Love Song and Other Poems by Ian Watson

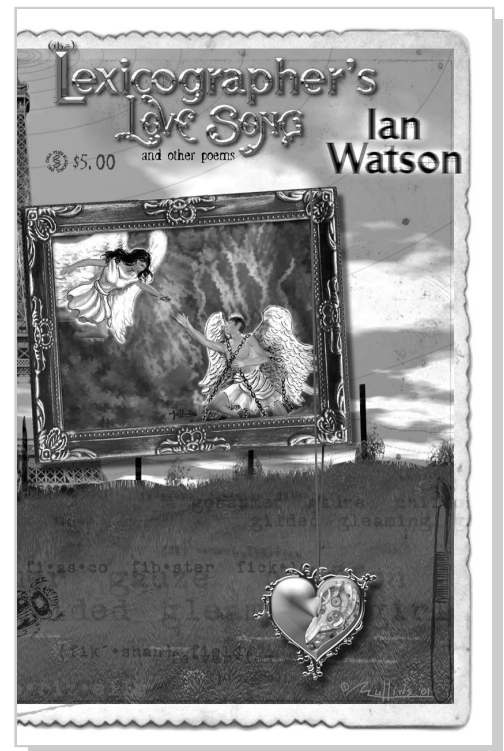

"Exhibits all the same verbal facility and philosophical heft of his fictions . . . Watson's zest and sprightliness practically bounce off the page."

— Asimov's Science Fiction

"A master of wordplay . . . His view of the world is as skewed as anyone's outside the rubber room."

— Analog Science Fiction and Fact

A 60 page collection of 21 poems by the award-winning British novelist and co-creator of **A.I.: Artificial Intelligence!**

Available Now!

Petting the Time Shark and Other Poems by Mike Allen

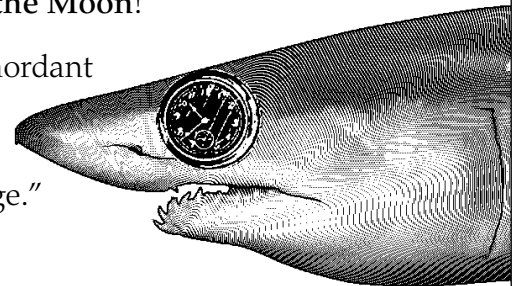

More than two dozen new poems from the editor of *Mythic Delirium*, his first collection since 2000's critically acclaimed *Defacing the Moon!*

"Allen exhibits a fine hand with a memorable phrase and a mordant yet humor-tinged viewpoint on life."

— Asimov's Science Fiction

"Mike Allen demonstrates a talent for walking the knife's edge."

— James Patrick Kelly, Hugo Award winner
