American Blackout

Engrossing, fast-paced, stylish – a powerful examination of voting rights in America.”
– Hollywood Reporter

*****SPECIAL JURY PRIZE*****
2006 SUNDANCE FILM FESTIVAL

American Blackout examines the contemporary tactics used to control our democratic process and silence political dissent.

American Blackout chronicles the recurring patterns of minority disenfranchisement witnessed from Florida 2000 to Ohio 2004, while following the story of Georgia Congresswoman Cynthia McKinney. McKinney not only took an active role investigating these election debacles, but also has found herself in the middle of her own after publicly questioning the Bush Administration about the 9/11 terrorist attacks.
