## A New York City millionaire is playing games with your SAFETY.

**CI-97, bankrolled by Howie Rich of New York, would hurt Montana.**

**CI-97 would cause:**

- Deep cuts in emergency services, fire-fighting, schools, and senior health care.
- Cuts in police budgets for fighting meth.
- **Higher local property taxes.**

That's what happened in Colorado, the only state with a measure like CI-97. That's why Colorado voters suspended it.
