

WORKSHEET

Food Source Habitat

Name: _____ Date: _____

Match your critter with its best food source habitat. Research these Food Source Habitats using the **Habitats in Your Backyard** Information Sheet. Make a check mark in the box that corresponds to the habitat or habitats that might provide the best food source for each critter listed. After you research the critters listed, add your own critters to the list and do some additional research to learn about what habitats might provide the best food source for them.

Food Source Habitat	Earthworm	Cicada	Wolf Spider				
Concrete/ Asphalt							
Mowed Grass							
Unmowed Weeds or Vacant Lot							
Prairie Plants/ Shrubs							
Tree-Shaded Area							
Leaf Litter-Covered Area/Forest							
Combination Area (<i>describe</i>)
