

April 19, 2002

To All Holders of the ODOT Standard Sign Design Manual (SDM):

Transmitted herewith are **five new** standard sign designs, **twenty-one revised** designs, **four updated** drawings and **three rescinded** designs (see the attached list for details). The related indexes have been updated, including some additional cross-referencing to related federal designs. The new indexes should be placed in the front of each related section of the manual, the new sign designs should be inserted in numerical order in each section, and the revised drawings/designs replace existing ones.

Another Feedback Form has been included with this revision package. You are invited to use the enclosed form if you would like to give us your comments and suggestions.

If there are any questions, please contact Lisa McConnell, Standards Technician (phone: 614-728-9361; e-mail: lisa.mcconnell@dot.state.oh.us).

Respectfully,

David L. Holstein, P.E.
Administrator
