ALL USERS OF THE TRAFFIC ENGINEERING
STANDARD CONSTRUCTION DRAWINGS:

RESCINDED and REVISED STANDARD DRAWINGS

The following Standard Construction Drawing has been incorporated into the Construction and Materials Specification book and is hereby rescinded:

| <u>Number</u> | <u>Title</u> | <u>Date</u> |
|---------------|--|-------------|
| MT-99.10M | Work Zone Pavement Markings And Signs | 01-30-95 |

This drawings should be removed from the current set of the Office of Traffic Engineering Standard Construction Drawings. Reference to it shall also be removed from the index of the same drawings. Users of the Traffic Standard Construction Drawings are asked to line out or otherwise delete MT-99.10M from page 2 of the index, and revise the dates in the lower right-hand corner of both pages of the index to show 7/19/02.

The index pages showing the revision will be available in .dgn and .pdf formats through the ODOT web page Design Reference Resource Center. The pages will not be distributed in paper copy.

If you have any comments or suggestions, please contact Lisa McConnell, Standards Technician, @ (614) 728-9361; email lmconne@dot.state.oh.us or Juanita Elliott, P.E., Standards Engineer, @ (614) 644-8143; email jelliott@dot.state.oh.us .

Respectively

Dave Holstein, P.E., Administrator
Office of Traffic Engineering
