* The sign legend should be centered vertically and horizontally. The letter series used will depend on the length of legend. B, C, D or E series may be used. The series used should be consistent for all lines of legend. For long legends reduced letter height may be required. If a symbol is to be used, it should be supplied by the memorial agency, and be a maximum of 9 inches high, and centered horizontally at the bottom of the sign.

** Variable based on letter series as follows:
 Series E: 4 inches (100% of letter height)
 Series D: 3.4 inches (85% of letter height)
 Series C: 2.8 inches (70% of letter height)
 Series B: 2.4 inches (60% of letter height)
