

# A DIFFERENCE"

October 2, 1988

September was blazing with the Gospel at Sac State! We started the month with an evangelistic concert on the lawn next to the school union. A huge crowd attended.

Through our Campus Crusade interest table on the Quad (the main 'hang out' on campus), over 100 new students signed up for discipleship groups or to hear the claims of Christ.

On the 24th we as a staff team led a "Leadership Training Institute" so students could be trained in vital ministry skills. Valerie led seminars on "How to spend time with God" and "How to lead a discipleship group". I led sessions on "How to share your faith" and "How to communicate how you came to Christ". Other staff and Christian leaders in Sacramento led sessions such as "How to study the Bible" and "How to help a new Christian grow". 50 fired-up students ate up the training.

And attendance at our weekly evangelistic meeting is pushing 200! Wow!

Two of the guys I'm discipling have really caught fire. Julian (who went to Ocean City with us) has rounded up 3 sharp freshman guys to train in the Gospel. Jerry (who I've worked with for the past year) has seen God raise up a group of guys for him to disciple. 2 Timothy 2:2 in action!

Valerie is working with two groups of eager, teachable women. They have really challenged her by their steady flood of questions about growing in Christ.

September has been a very exciting month. Please help us charge into October by uplifting us in prayer in the following areas:

- \* for wisdom in handling the students who wish to be disciplined and trained. God has been gracious to raise up such interest in His Son and we want to be good stewards of those He has given us.
- \* for endurance in the ministry.
- \* for our station wagon to be running. Our "great deal" on a used car became a "good deal" when we had to replace the engine.
- \* for many to attend our Northern California fall conference at the end of October. We're looking forward to students being motivated by God's grace.

Thank you so much for your partnership with us!

Making a difference with you,

*Chris & Valerie*
