Subject: Confirm Jim Nussle as OMB Director

Dear Senator,

Today you may have the opportunity to cast a pro-taxpayer vote. In light of the upcoming vote on Jim Nussle's nomination, **I strongly urge you to swiftly confirm Nussle as Director of the Office of Management and Budget.**

During his tenure as chairman of the House Budget Committee, Jim Nussle's work to reform entitlement spending resulted in taxpayer savings of \$40 billion over five years. Particularly in light of the current budget debates, Nussle's experience and expertise will serve to help protect taxpayers from excessive spending and higher taxes.

Outgoing OMB Director Rob Portman has worked to restrain spending growth and bring new transparency to government spending. As Congress and the administration continue the appropriations debates, confirming Jim Nussle today will help to build the bridges vital to reaching budget agreements that serve the taxpayers' interest. **I urge you to vote for Jim Nussle's confirmation without further delay.**

Onward,

Grover Norquist
