

Discover the Catholic High School Difference

See What Sets Us Apart!

Discover the Catholic school advantage! Make plans to attend an Open House at a Catholic High School this fall. Meet with teachers, staff and students who exemplify the spirit of excellence associated with a Catholic High School education.

An Education You Can Have Faith In

At Catholic High Schools, students are challenged academically and also have the opportunity to grow spiritually. Ours is a value-based learning experience where Gospel messages are woven into coursework, extracurricular experiences and leadership training.

Our graduation rates are impressive and college entrance exam scores are consistently above state and national averages. Many of our graduates go on to attend prestigious colleges and universities across the country, as well as apprenticeships and training programs.

Catholic High Schools provide a safe and caring environment; teachers who are called to education as a vocation; opportunities for parental involvement and exceptional student-teacher ratios.

Investigate the Opportunities

To learn more about specific high schools, plan to attend the upcoming Open Houses or call a school to arrange a personal tour.
