

Notes

on the Participation of Researchers from Central and Eastern Europe or CIS Countries in Scientific Events Held in Germany

1. Proposals should contain the following information:
 - description, date and location of the event (including programme)
 - list of participants (including research area, position and institution), according to country
 - information as to whether a lecture or poster presentation is planned
2. Please include a statement justifying your interest in having these researchers attend the conference.
3. The following funds may be applied for:
 - maintenance allowance for the visiting researchers during their stay in Germany (the current per diem rate of €65 should also be used to cover accommodations)
 - travel allowance (not applicable for researchers from Poland, Hungary, Czech Republic, Estonia and Slovenia)
 - allowance towards the conference fees

Funds can be provided for up to five participants from any one country (max. ten participants from Russia), with a funding ceiling of €10,000 for any one event. The DFG assumes costs related to an acute illness in Germany.

Proposals, which should be submitted in duplicate, must be received three months prior to the event's starting date.
